

CLEAN INSTALLER - MAJOR UPDATE

What's New

The installer has been completely overhauled to ensure **100% clean installations** and remove all outdated references.

CLEAN INSTALL PROCESS

Complete Removal:

- **Stops all services** before removal
- **Completely removes** old installation directory
- **Fresh clone** from GitHub main branch
- **No leftover files** or configurations

Dynamic Path Detection:

- **No more hardcoded paths** to Node.js versions
 - **Automatic yarn detection** for systemd services
 - **Flexible Node.js version support** (18+)
 - **System-wide compatibility**
-

YARN BERRY COMPLETE

All References Fixed:

- ☒ **Systemd service:** Dynamic yarn path detection
- ☒ **Node.js checks:** Version-agnostic detection
- ☒ **Installation commands:** Modern Yarn Berry compatible
- ☒ **Cache commands:** No deprecated `--force` flags

Installation Method:

1. **Remove ALL old Yarn** (npm, apt, yum, dnf)
 2. **Clean directories** (~/.yarn, ~/.config/yarn)
 3. **Install via corepack** (preferred) or npm latest
 4. **Verify modern version** (4.x.x Berry)
-

GITHUB CLEANUP

Branches Removed:

- ☒ `admin-instructor-interfaces`

- ❌ auth-system
- ❌ db-setup
- ❌ fix-installer-paths

✅ Only Main Branch Remains:

- Clean repository structure
- No confusion with old branches
- Latest code always on main

INSTALLATION FLOW

For New Machines:

```
curl -sSL https://raw.githubusercontent.com/dfulntonthebar/Music-U-Scheduler/main/install.sh | bash
```

What Happens:

1. **Clean slate:** Removes any existing installation
2. **Fresh download:** Clones latest from main branch
3. **Modern tools:** Installs Yarn Berry + Node.js 20+
4. **Complete setup:** Database, SSL, nginx, systemd services
5. **Ready to go:** <https://musicu.local> with admin access

BENEFITS

- 🎯 **No version conflicts:** Clean removal prevents issues
- 🛠️ **Future-proof:** Dynamic detection works with updates
- 🚀 **Latest tools:** Yarn Berry + modern Node.js
- 🧹 **Clean repository:** Only main branch, no confusion
- ✨ **Reliable:** Every installation is identical
